**LOVE YOUR WORK**

*One of the timeless secrets to a long, happy life is to love your work. As novelist James Mechener wrote;*

*The master in the art of living makes little distinction between his work and his play, his labor and his leisure, his mind and his body, his information and his recreation, his life and his religion. He hardly knows which is which, he simply pursues his **Vision of Excellence** at whatever, he does, leaving others to decide whether he is working or playing. to him he is always doing both.*
